Heating Oil 10 Month Budget Plan

2021 / 2022 Heating Season

Name _____ Account Number _____
Street _____ City _____ State _____ Zip _____
Email _____

PROGRAM: SPREAD YOUR ESTIMATED WINTER HEATING OIL EXPENSE OVER TEN EQUAL PAYMENTS

If you are a current customer, our records will help determine the total gallons you normally use each heating season. If you are a new customer, using your previous fuel use history and/or our calculations we can help you determine a good estimate of gallons used.

Print this form then call us for the current estimated per gallon price to use and for assistance in calculating your estimated gallon use. Using those figures, complete and sign this form and return it to us. Your budget payments will begin in June and continue through March (10 equal payments). **Budget payments are due in full on the 10th of each month from June 2021 thru March 2022.** Current credit terms and details below are in effect.

Calculate your monthly budget payments

Number of gallons you want to budget for next heating season _____ (total gallons) X \$ _____ (per gallon) = \$ _____ (total for oil)

Divide "total for oil" amount above by 10 = \$ _____ your monthly budget payment for oil, 10 months June 2021 thru March 2022

(Example: 1,000 gallons of oil at \$3.00 per gallon is \$3,000. Divided by 10 = \$300 monthly payments)

THE MONTHLY PAYMENT IS AN ESTMATE. YOUR DELIVERIES WILL BE MADE AT THE ACUTAL DAILY PRICES DURING THE HEATING SEASON. AT THE END OF THE HEATING SEASON ANY AMOUNT USED OVER YOUR BUDGETED TOTAL WILL BE DUE, ANY UNDER USE AMOUNT WILL BE CREDITED TOWARD THE NEXT HEATING SEASON.

1. Payment Method Cash (in person only) Check Enclosed Credit Card _____ Exp _____ Code _____

2. Sign, date, and return this contract by MAY 31, 2021. We will mail you a signed copy for your files.

PLEASE SIGN AND RETURN THIS FORM...a signed copy will be returned to you.

| Terms and Conditions |

Contract Limitations. Contract does not guarantee price per gallon or the number of gallons you will use. It is an agreement to help spread your estimated heating costs over more months, avoiding having to pay for more than delivery in a month during the coldest part of winter, etc. You decide how many gallons to contract.

Fuel Consumption. The Customer determines the amount of gallons he/she would like to purchase for the upcoming heating season based on the number of gallons normally purchased for the contract period, he/she will be billed at the prevailing daily market price for any overage. In the event of overpayment, the customer can apply the dollar amount toward the next heating season at the end of the contract period.

Fuel Price. The Customer's fuel price will be the prevailing daily market price at the time of each delivery.

Payment Schedule. Customers with past due balances are not eligible for the program until the balance is paid in full. The total cost for fuel purchased will be divided into ten equal installment payments due in full on the 10th of each month from June thru March. Current credit terms for the Customer account are in effect. Payment must be received on/before the due date each month. Santarelli and Sons Oil Co. holds the right to terminate this agreement if the Customer's account is delinquent during the program period. All changes for Service billed on fuel accounts must be paid in full along with the budget amount due. (Budget amount may be changed with a previous notification by Santarelli and Sons Oil Co. based on increased consumption due to weather conditions).

Liabilities Limitations. Santarelli and Sons Oil Co. shall not be liable for increases in price or for delay of failure to perform any obligations under this agreement due to causes beyond its reasonable control, including but not limited to, wars, armed conflict, acts of terrorism, acts of God (e.g. storms, floods, lighting or earthquakes), natural disasters, accidents, fires, explosions, labor disputes, transportation breakdowns, civil unrest, governmental restrictions (e.g. embargoes, allocations, priorities or price controls). Seller's ability to provide petroleum products is dependent on their continued availability from seller's usual and anticipated supply sources. In the event such products are not readily available in sufficient quantities to meet the seller's total commitments, the seller holds the right to allocate in a fair and reasonable manner and to charge prevailing market rates determined by the seller for any additional fuel the customer requires. No such occurrence shall relieve buyer of the obligation to pay in full for product actually delivered. Santarelli and Sons Oil Co. shall not be liable for any indirect or consequential damages or losses resulting from Customer non-performance of this agreement.
